What have we been up to?

As part of students internally assessed Event Management unit where students are required to work together to plan and host a charity event. One of our First-year Expended diploma classes have decided to run a Charity Bingo evening for Brainwave. Brainwave is a locally based national charity that supports children aged 0-12 with physical and medical disabilities. Students attended the charity based in Bridgwater on 25th February to discover more about the daily requirements and how they support young children and their families. Brainwave requires £2.2 million in donations each year to keep afloat and be able to conduct their daily assessments.

Keith Sinclair (CEO) delivered an interactive presentation leading onto a tour of the premises.

This units not only enables students to learn about the event management sector, it also enhances and develops many skills including leadership, public speaking, problem solving and negotiation whilst working together as a team.
