The following information explains what may happen following an enquiry about a result and any subsequent appeal.

There are three possible outcomes from making an enquiry about a result and a subsequent appeal of one of your examinations after your subject grade has been issued:

- Your original mark is lowered, so your final grade may be lower than the original grade you received.
- Your original mark is confirmed as correct, so there is no change to your grade.
- Your original mark is raised, so your final grade may be higher than the original grade you received.

Please note a post-results review of the original marking and Moderation (RoMM) is a service to ensure that the agreed mark scheme has been applied correctly.
It is not a re-marking of the candidate's script.

In order to proceed with the enquiry about results, you must sign the form below.

This tells the head of college that you have understood what the outcome might be, and that you give your consent to the enquiry about results being made.

In giving consent I understand that the final subject grade awarded to me following an enquiry about the result and any subsequent appeal may be lower than, higher than, or the same as the grade which was originally awarded for this subject.
