

Parent/Carer Update – March

College Monitoring Point

You can view the most recent CMP by visiting the [Huish Parent Hub](#), or by asking your young person to show you their grades on their Student Hub.

Level 2, Year 1 and Year 2 students have a RAG rating to give an indication as to how well they are getting on in relation to their attendance, Huish 30 completion, classroom engagement, and behaviour.

There are multiple areas of concern, or one area of serious concern. Appropriate interventions are underway, and this is reflected on the student's Hub.	There is at least one area of concern. Appropriate interventions are underway, and this is reflected on the student's Hub.	The student is engaging well in and out of lessons and, if offered, with support/interventions. They are completing work set to deadline. There might be praise on the student's Hub.
--	--	---

Year 1 students have been given a Current Working Grade (CWG). This grade reflects how a student is currently working, based on a range of evidence from recent formal and classroom assessment.

Year 2 and Level 2 students have received their Mock Grades (for subjects where mock exams took place). They have also received Projected Grades – this is the grade based on teachers' professional judgement that a student is likely to achieve if they work hard, maintain strong attendance, and maintain their performance in exam conditions.

If you have any queries about these grades, or can't access them, please contact the teachers or the Progress Tutor.

Parents/Carer Evening

Parent & Carer evenings for all Year 2 students will be held on the 31st March & 1st April. As previously, these are virtual events. You should have already received an email with instructions for how to log onto School Cloud and make appointments. These evenings are an invaluable opportunity to meet with your teachers and discuss what's going well and what they need to focus on ahead of their final exams. Please contact teachers if you have been unable to book an appointment.

Careers Update

The UCAS (University) equal consideration deadline passed at the end of January with 666 applications being processed through Huish!

It is worth noting that UCAS will still process applications up until 30th June 2026, and whilst some courses will be full, a good number will still be actively recruiting new students, so a late application is by no means out of the question.

For Year 1 students, the full UCAS timeline and additional college information can be found here: [Year 1 UCAS information](#)

Apprenticeship recruitment is gathering momentum, and more vacancies are appearing on the Government site [Find an apprenticeship](#) and on individual company websites. To see our parent guide to Apprenticeships, please use this link: [Apprenticeship information for parents](#)

The recruitment and selection for these opportunities can be rigorous and the competition fierce. The Careers & Progression Team are on hand to support students with the different strands of their applications.

If students and/or parents/carers wish to contact the Careers & Progression Team, please email the following mailbox – careers@richuish.ac.uk

Please check the Careers and Progression Padlet [Huish Careers and Progression \(padlet.com\)](#) for all the latest information related to work experience, apprenticeships, UCAS and employment.
